

Let us look after your insurance so you can focus on what you do best

Why choose Unity?

We're Scouts too and we gift aid all our profits back to Scouts. For the last 5 years we have gift-aided more than £1m every year to Scouts.

We understand Scouting and use our knowledge and expertise to meet your Scouts' insurance needs. We've designed insurance cover specifically for Scout groups, districts, counties and campsites to cover the things you own, your trips and events and non-members and staff.

Our delegated claims authority with some of our insurers means that we can handle many claims ourselves, meaning you'll get your claim settled quickly.

Our heritage

We're owned by Scouts and we're your dedicated insurance broker. We've been arranging insurance for Scouts for well over 80 years. We're proud that all our profits are returned to Scouts helping support the members and provide young people with Skills for Life.

What else we do for Scouting

We arrange insurance on behalf of Scouts which covers accidents and injuries to members and the liabilities of volunteers and trustees.

We'll check any indemnity agreements with you and provide proof of public liability insurance.

Our capabilities

We can call upon specialist underwriters. As a Lloyd's cover holder, we've access to the Lloyd's of London underwriters, meaning we provide the right cover designed specifically for Scouting.

What our customers tell us

Our latest Trustpilot score is 4.4 out of 5 (at 26 August 2022).

Our team of experts:

- work closely with you to identify your risks and insurance needs;
- simplify the jargon and explain the small print;
- arrange tailored, cost-effective, and flexible insurance solutions;
- provide advice on managing risks, now and in the future;
- won't sell you cover that is already arranged for Scouts by us.

Insurance with ideals

We gift-aid all our profits
